### **Instructions for completing form**

Place bird in a plastic bag with this report form. Take a digital picture with building if possible.. Pictures are for documentation and publicity of our efforts.

Deliver dead specimens to Janet Hinshaw, Room 3024, Bird Division, Natural History Museum, 1109 Geddes (corner of Geddes and Washtenaw). Janet is usually there 8:30AM-5 PM, Monday-Friday, but it is best to call first (764-0457). If you cannot deliver immediately, refrigerate and deliver ASAP.

If bird is alive but injured, place in paper lunch bag. Contact the Bird Center (761-6940) for instructions.

Copy this form as needed. May be used to record details for multiple fatalities at same location. We are compiling data from found birds to improve our preventative and monitoring efforts. Birds delivered to the Bird Division are used for study by the University of Michigan.

Wash hands after handling birds.

Questions: Will Weber ([will@journeys.travel](mailto:will@journeys.travel)) phone 665-4407  
Dea Armstrong ([ddarm@umich.edu](mailto:ddarm@umich.edu)) phone 276-9372
